

DISASTER MANAGEMENT QUESTION BANK

Complete Question Compilation from Examination Papers

MODULE 01: INTRODUCTION

1. Define the terms: Hazard, Vulnerability, Risk (5 Marks) [2 times]
 2. Discuss the Direct and indirect effects of disasters (5 Marks) [1 time]
 3. What is Disaster Scenario of India? (5 Marks) [3 times]
 4. Explain types of Manmade disasters (5 Marks) [2 times]
 5. What is Climate Change? What are the effects of Global Warming? (5 Marks) [4 times]
 6. Define and differentiate between Risk and Vulnerability in the context of disaster management (5 Marks) [1 time]
 7. Analyze the enduring impacts of disasters on affected communities, infrastructure, and socio-economic systems (5 Marks) [1 time]
 8. Justify the significance of studying Disaster Management, highlighting its role in enhancing resilience, minimizing risks, and promoting sustainable development (5 Marks) [1 time]
 9. Provide an overview of various types of Manmade disasters, elucidating their causes, characteristics, and impacts (5 Marks) [1 time]
 10. Define Bioshield and explore its utility in disaster mitigation, particularly in addressing specific hazards such as floods, landslides, and coastal erosion (5 Marks) [1 time]
 11. Define the terms: Mitigation, Triage (5 Marks) [1 time]
 12. What are Man-made hazards? Also discuss possibilities of chemical spills (5 Marks) [1 time]
 13. Explain Risk and Vulnerability (5 Marks) [1 time]
 14. Explain PDCA cycle of disaster management (20 Marks) [1 time]
 15. Define the terms disaster, hazard, vulnerability and risk (20 Marks) [1 time]
 16. Explain how global warming affects the water cycle and its various components (5 Marks) [1 time]
 17. Write a Short Note on Disaster Management Act, 2005 (5 Marks) [1 time]
 18. Define Environmental hazard (5 Marks) [1 time]
 19. Explore the following topics: Evolving approaches to disaster management in India (6 Marks) [1 time]
 20. Explore the following topics: Global aid organizations in crisis response (6 Marks) [1 time]
 21. Explore the following topics: Guidelines for earthquake safety (6 Marks) [1 time]
 22. Human repercussions of natural calamities (6 Marks) [1 time]
 23. Define vulnerability and its significance in disaster management (6 Marks) [1 time]
 24. Explain Triage. Analyze the importance of initial response in disaster management (8 Marks) [1 time]
 25. Write short notes on: Capacity building (5 Marks) [1 time]
 26. Write short notes on: Environmental hazard (5 Marks) [1 time]
-

MODULE 02: NATURAL DISASTER AND MANMADE DISASTERS

1. What are different types of flood? Enlist structural mitigation measures for flood (10 Marks) [2 times]
2. Explain the types of landslide and factors affecting them. Give a case study for the same (10 Marks) [1 time]
3. Explain disasters related to industries. Discuss the socioeconomic impact of industrial disasters with a case study (10 Marks) [1 time]
4. Enlist and explain various terms and concepts with respect to earthquakes (10 Marks) [1 time]
5. What are different mitigation measures for Tsunami and Cyclones? (10 Marks) [1 time]
6. Explain disaster management for floods in urban areas (20 Marks) [1 time]
7. What are droughts? State the mitigation measures taken in drought prone areas (10 Marks) [1 time]
8. Explain natural and man made disasters. Which disasters can be mitigated and how? (10 Marks) [1 time]
9. What are the dos and don'ts in the event of a Covid like pandemic? (6 Marks) [1 time]
10. Explain with examples structural and non-structural mitigation measures (10 Marks) [1 time]
11. Discuss the role of growing population, industrialization, urbanization, and changing lifestyles in contributing to environmental degradation. What measures can be taken to mitigate their impact? (10 Marks) [1 time]
12. Urban flooding: Implications for major cities (6 Marks) [1 time]
13. Define early warning systems and illustrate their benefits through recent instances of flood, cyclone, and tsunami alerts (8 Marks) [1 time]
14. Differentiate between structural and non-structural measures of flood mitigation and discuss the importance of forecasting, warning and monitoring system in India (8 Marks) [1 time]
15. Explain in detail, vulnerability, with reference to floods and cyclones. List down the preparatory measures for minimizing vulnerabilities related to Tsunami (6 Marks) [1 time]
16. Write short notes on: Sea walls, embankments and bio shields (5 Marks) [1 time]
17. Classify different types of droughts and outline structural mitigation measures suitable for drought-prone regions (10 Marks) [1 time]
18. Comment on radiation hazards. Also discuss possibilities of chemical spills in Mumbai (8 Marks) [1 time]
19. Discuss various types of natural disasters in India and highlight their impacts on life (6 Marks) [1 time]
20. Discuss in brief the Disaster Management Act 2005 (5 Marks) [1 time]
21. Is rapid depletion of ground water a type of disaster? To which category does this belongs? What are the reasons for this problem? (5 Marks) [1 time]
22. Write a note on Volcanic eruptions (10 Marks) [1 time]
23. Highlight the protective role of natural ecosystems against disasters, with examples (6 Marks) [1 time]
24. Define liquefaction and debate the merits of retrofitting versus relocation in landslide prone areas (7 Marks) [1 time]
25. Discuss the various types of technological disasters and highlight the measures to mitigate such disasters in India (8 Marks) [1 time]

MODULE 03: DISASTER MANAGEMENT, POLICY AND ADMINISTRATION

1. What are different government agencies responsible for various types of disasters? (10 Marks) [1 time]
2. Elaborate the guidelines laid down by NDMA for disaster management in India (10 Marks) [2 times]
3. Examine the multifaceted components of Disaster Management, including preparedness, response, recovery, and mitigation strategies (10 Marks) [1 time]
4. Describe in brief about the role of NGO's in disaster management (10 Marks) [1 time]
5. Discuss the framework for disaster management in India (6 Marks) [1 time]
6. Examine NDMA's directives for disaster preparedness in India (10 Marks) [1 time]
7. Describe non-structural measures for pandemic containment (10 Marks) [1 time]
8. Examine the collaborative efforts of government bodies and NGOs in disaster management (6 Marks) [1 time]
9. Discuss the roles and functions of various government agencies in Disaster Management in India, emphasizing their coordination and collaboration efforts (10 Marks) [1 time]
10. Explain Community based disaster preparedness (5 Marks) [1 time]

MODULE 04: INSTITUTIONAL FRAMEWORK FOR DISASTER MANAGEMENT IN INDIA

1. Explain roles and responsibilities of NDMA in detail (10 Marks) [1 time]
2. Describe the institutional mechanism setup in India (10 Marks) [1 time]
3. Explore the scope and responsibilities of the NIDM in disaster preparedness, training, research, and policy formulation (10 Marks) [1 time]
4. Describe the Search and Rescue (SAR) procedure in disaster response, supported by a case study illustrating its implementation and effectiveness (10 Marks) [1 time]
5. Outline the functions and duties of NIDM (6 Marks) [1 time]
6. What are the scope and responsibilities of NIDM and NDMA? (10 Marks) [1 time]
7. Write short notes on: Functions of NIDM (5 Marks) [1 time]
8. Write short notes on: National Disaster Management Policy (5 Marks) [1 time]

MODULE 05: FINANCING RELIEF MEASURES

1. What is role of NGOs in disaster management? Enlist major NGOs working on disaster management (10 Marks) [3 times]
2. Explain various means of raising finance for mitigating and managing disasters (10 Marks) [2 times]
3. Explain role of various softwares in disaster management (10 Marks) [1 time]
4. Assess the contributions of various NGOs in Disaster Management, outlining their roles in emergency response, community engagement, and capacity-building initiatives. Additionally, list major NGOs operating globally in this field (10 Marks) [1 time]
5. What are the various methods of financial management during a disaster? Explain the government's fund-raising system for disaster response and recovery (10 Marks) [1 time]

6. Investigate the contributions of international aid agencies during extreme crises (10 Marks) [1 time]
 7. What is the role NGO in disaster management? Enlist major NGOs working on disaster management (10 Marks) [1 time]
 8. Appraise the role of Geo-informatics in disaster management (10 Marks) [1 time]
 9. Evaluate various fundraising mechanisms for disaster management, considering their effectiveness, sustainability, and ethical implications (10 Marks) [1 time]
 10. Propose strategies for funding disaster relief efforts and discuss legal considerations (5-7 Marks) [1 time]
 11. Assess the involvement of different stakeholders in mass casualty situations (8 Marks) [1 time]
 12. Delve into the paradox of industrialization: economic progress versus the threat of industrial mishaps (8 Marks) [1 time]
 13. Explain the concept of Capacity building along with suitable example (10 Marks) [1 time]
-

MODULE 06: PREVENTIVE AND MITIGATION MEASURES

1. Discuss the role of GIS and Remote Sensing in disaster management (10 Marks) [3 times]
2. Explain Bio shield and Sea wall in detail with schematic diagram (10 Marks) [1 time]
3. What is Community Base Disaster Management (CBDM)? Discuss how it is useful in Indian scenario (10 Marks) [2 times]
4. What are Do's and don'ts in Earthquake, Tsunami and Cyclone? (10 Marks) [2 times]
5. Investigate the applications of GIS in disaster management, highlighting its role in spatial analysis, risk assessment, and decision-making (10 Marks) [1 time]
6. Appraise the role of GIS and GPS in disaster management (6 Marks) [1 time]
7. Discuss the applications of remote sensing and GIS in Disaster management process (10 Marks) [1 time]
8. Use of Internet and softwares for effective disaster management. Applications of GIS, Remote sensing and GPS in this regard (5 Marks) [1 time]
9. Explore the applications of GPS and GIS in drought mitigation strategies (10 Marks) [1 time]
10. Leveraging technology for disaster preparedness (6 Marks) [1 time]
11. Define Capacity Development and illustrate its application through a case study of Community-Based Disaster Management (CBDM), emphasizing community empowerment, resilience-building, and sustainable development (10 Marks) [1 time]
12. Enumerate essential Do's and Don'ts for disaster preparedness and response, providing practical guidelines for individuals and communities to mitigate risks and ensure safety (10 Marks) [1 time]
13. Enumerate preparedness measures for minimizing chemical disaster losses (6 Marks) [1 time]
14. Evaluate the impact of disasters on infrastructure and their hindrance to developmental projects (10 Marks) [1 time]
15. Write short notes on: Community based disaster preparedness (5 Marks) [1 time]
16. Write short notes on: Triage (5 Marks) [1 time]
17. Explain in detail the design concepts involved in as well as the construction materials used for the safe construction of facilities in case of earthquakes and cyclones. Also discuss the fire resistant facilities that need to be essentially provided in a building/industry (8 Marks) [1 time]

18. Pre-disaster, during disaster and post-disaster measures in some events in general (5 Marks) [1 time]
 19. Structural mapping: Risk mapping, assessment and analysis, sea walls and embankments, Bio shield, shelters, early warning and communication (5 Marks) [1 time]
 20. Non Structural Mitigation: Community based disaster preparedness, risk transfer and risk financing, capacity development and training, awareness and education, contingency plans (5 Marks) [1 time]
 21. Do's and don'ts in case of disasters and effective implementation of relief aids (5 Marks) [1 time]
-

SUMMARY STATISTICS

Total Unique Questions: 103

- Module 01 (Introduction): 26 questions
- Module 02 (Natural & Manmade Disasters): 25 questions
- Module 03 (Policy & Administration): 10 questions
- Module 04 (Institutional Framework): 8 questions
- Module 05 (Financing Relief Measures): 13 questions
- Module 06 (Preventive & Mitigation): 21 questions

High Frequency Questions (Asked 3+ times):

- What is Climate Change? What are the effects of Global Warming? (5 Marks) [4 times]
- What is Disaster Scenario of India? (5 Marks) [3 times]
- Define the terms: Hazard, Vulnerability, Risk (5 Marks) [2 times]
- What is role of NGOs in disaster management? Enlist major NGOs working on disaster management (10 Marks) [3 times]
- Discuss the role of GIS and Remote Sensing in disaster management (10 Marks) [3 times]

Recommended Focus Areas:

- Questions with 3+ occurrences have highest probability of appearing in exams
- Allocate maximum study time to high-frequency questions
- Practice short note format questions (5 marks each)
- Prepare case studies for application-based questions
